Dear Danish colleagues

We, your Swedish, Norwegian and Icelandic physiotherapy colleagues, have been following the struggle that you, our Danish colleagues, have been going through in order to secure decent salary and working conditions for all employees in the Danish public sector.

With this letter we wish send you lots of positive energy and our wholehearted support and good wishes.

We hope that you will get a good result. Your determination and solidarity across profession is a tremendous inspiration to all of us.

Best wishes,
